

Scotland's
GARDENS
Scheme
OPEN FOR CHARITY

Sponsorship pack

Why sponsor Scotland's Gardens Scheme

By sponsoring Scotland's Gardens Scheme, you will help us to give more funds to the charities we support and our core beneficiaries, focussing on the values of health, wellbeing and horticulture. Supporting Scotland's Gardens Scheme may also help you to deliver on your own corporate social responsibility goals.

Scotland's Gardens Scheme was established in 1931 with the express purpose of raising funds for charity by opening private gardens to the public.

Our purpose remains the same; we support volunteers around Scotland to open their gardens, of all shapes, size and styles, raising money through garden gate tickets, plant sales and teas.

We have a small staff team whose role is twofold:

- To support these volunteers and garden owners to open gardens successfully and enjoyably, through training, practical support and the celebration of their achievements.
- To promote garden openings to the public through a range of online and offline channels, including our website, social media, annual Guidebook and PR activities.

Scotland's Gardens Scheme is a national charity with a well-known brand and extensive and growing reach.

The charity is well-known and respected within the Scottish gardening sector and provides a rare chance to experience many hidden gems, private gardens not usually open to the public.

- Our website exceeds **250k** sessions from organic traffic only!
- We have **13k+ subscribers** to our e-news and our open rate exceeds the industry average. We send over **40** national newsletters per year.
- We have **18k+ followers** on social media combined, plus over **700** subscribers to our YouTube channel.
- Our annual **Guidebook**, printed and distributed in 8,500 copies, offers highly targeted and repeated exposure for advertisers in this sector.

Our audience
