

Make a Lilly Pond

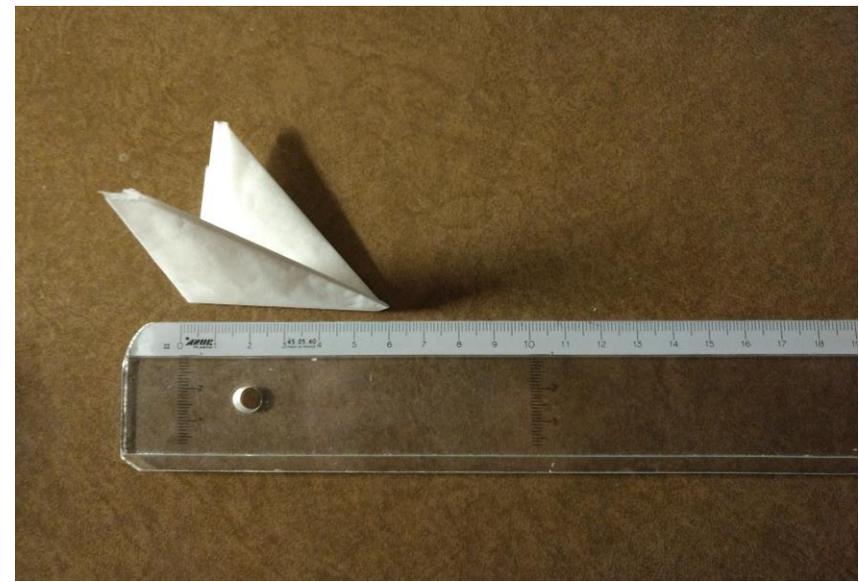

Use a piece of baking
Sheet about 40cm x 10cm
Fold it lengthways twice
Then fold it diagonally twice

Fold twice
Like this

and then
twice like
this

Carefully snip
off the end corner
and cut like this

Now cut the
other side of the
petal and it
looks like this

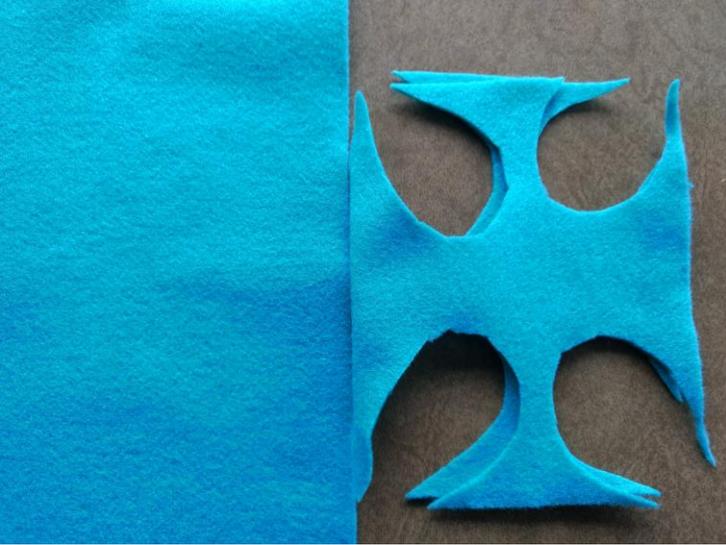

Unfold carefully
and insert half a
centimetre cut
from the paper
straw.
Time to eat that
sweet and make
the golden
centre!

Re arrange the
petals to look
good

No problem
making
your leaves

Freddy and Freda love their
new pond.
Hope you do too!

Good Luck

Our lillies are really magic they make rainbows at night.....just ask Freddy and Freda!
